SECOND EDITION
1956

OFFICIAL
PROGRAM
10c

Starring
THE
KIDETTES
and
THE
WHEELERS

TO OUR AUDIENCE:

Welcome to the Second Edition of "KIDS ON WHEELS". We bring to you, lights, music, costumes, laughs, and romance, combined with roller skating, to make up your next two hours of entertainment. . . This edition of "KIDS ON WHEELS" is newer, faster, and made up of more accomplished skaters. . . Some skaters have learned to skate since 1954, others have skated for 20 years or more. Our stars include a two-time National Ladies Speed Champion, who has won varied State and regional medals and trophies for Ladies' Free Skating. Our youngest star has captured the Oregon State Championship Showmanship Award for the Diaper Division. For men's honors, Speed and Pairs Skating accomplishment can be added, as you will see tonight. Though not all of the skaters you will see, have won medals or trophies, but each one is a champion for putting forth the effort, work, and time to bring you this production.

Four months of planning and rehearsing were put into making up "KIDS ON WHEELS". All skaters in the show are amateurs with the exception of three professionals who are operators or derive part of their income from the Roller Rink business. These professionals must skate the same as amateurs without pay or personal gain.

Our purpose in this show is fun for us and entertainment for you. All proceeds from this show are used to buy or rent our costumes, lights, and music, and our advertising and transportation to bring The Kids from Newport, Salem, Lebanon, Corvallis, and Philomath, to practice, and the final production tonight.

This is the first time before an audience for many of us, and a warm audience brings any showman to his best. Please sit back, relax, and enjoy "KIDS ON WHEELS" 1956.
